Title: Willow

Author: Canto Canzione

I know about the
Willow
And I know about the
wind...
One will you where'er
it will
And the other is its
kith and kin

I know about the
Willow --
The dancer 'gainst the
Sky --
And I know why the
Willow weeps --
And why the Wind
doth cry.
And I know about the
Willow --
For I heard of her
upon the breeze.
When all the woods
are whispering
The secrets in their
leaves.~
